

Make a BIG splash with your Next Field Trip

**WE ARE PLEASED TO O"Fish"ALLY INTRODUCE OUR ALL NEW OCEANO FIELD TRIPS,
THAT ARE SURE TO MAKE A BIG SPLASH WITH THE KIDS**

Our new Oceano Field Trips are a complete underwater adventure. The underwater adventure will come to life with the fully animated, Oceano scoring environment, complete with fun characters that kids will automatically fall in love with.

We are also proud to announce that the Oceano Field Trips are complete with activity sheets to help the children learn while having fun. Staff will receive color sheets, and other FUN activity sheets that can take the experience of the field trip back with them.

To top it off, each child will receive a beautiful Oceano Certificate complete with two special offers for a future visit... just our way of saying thanks for letting the children participate in our Oceano Field Trips.

We will also provide you with a permission slip for the parents that includes a place for the Child's shoe size, thus making the check in process smooth and fast.

Bowling is a fun way to
boost kids' self-confidence,
aid in the development of hand-eye coordination
and helps to *build positive self-esteem.*
